# RAJ KUMAR
## FULL STACK DEVELOPER

## WORK EXPERIENCE

### PROJECT-1

Designed and developed a personal portfolio website using HTML and CSS. Implemented responsive design principles to ensure usability across devices and browsers, showcasing skills in front-end web development and user interface design.

### PROJECT-2

..Developed an e-commerce website using HTML, CSS, and JavaScript, focusing on creating a seamless shopping experience. Implemented key features such as product listings, cart functionality, and checkout processes. This project enhanced my proficiency in front-end development, JavaScript programming for interactivity, for e-commerce applications.

### PROJECT -3

Developed a Netflix clone using React.js, showcasing skills in creating responsive and dynamic user interfaces. Implemented features such as user authentication, video streaming, and personalized recommendations, enhancing my ability to build scalable, user-centric applications
